

§ 37.53

§ 37.53 Exception for New York and Philadelphia.

(a) The following agreements entered into in New York, New York, and Philadelphia, Pennsylvania, contain lists of key stations for the public entities that are a party to those agreements for those service lines identified in the agreements. The identification of key stations under these agreements is deemed to be in compliance with the requirements of this Subpart.

(1) Settlement Agreement by and among Eastern Paralyzed Veterans Association, Inc., James J. Peters, Terrance Moakley, and Denise Figueroa, individually and as representatives of the class of all persons similarly situated (collectively, "the EPVA class representatives"); and Metropolitan Transportation Authority, New York City Transit Authority, and Manhattan and Bronx Surface Transit Operating Authority (October 4, 1984).

(2) Settlement Agreement by and between Eastern Paralyzed Veterans Association of Pennsylvania, Inc., and James J. Peters, individually; and Dudley R. Sykes, as Commissioner of the Philadelphia Department of Public Property, and his successors in office and the City of Philadelphia (collectively "the City") and Southeastern Pennsylvania Transportation Authority (June 28, 1989).

(b) To comply with §§ 37.47 (b) and (d) or 37.51 (b) and (d) of this part, the entities named in the agreements are required to use their public participation and planning processes only to develop and submit to the FTA Administrator plans for timely completion of key station accessibility, as provided in this subpart.

(c) In making accessible the key stations identified under the agreements cited in this section, the entities named in the agreements are subject to the requirements of § 37.9 of this part.

§ 37.55 Intercity rail station accessibility.

All intercity rail stations shall be made readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, as soon as practicable, but in no event later than July 26, 2010. This require-

49 CFR Subtitle A (10–1–04 Edition)

ment is separate from and in addition to requirements set forth in § 37.43 of this part.

§ 37.57 Required cooperation.

An owner or person in control of an intercity or commuter rail station shall provide reasonable cooperation to the responsible person(s) for that station with respect to the efforts of the responsible person to comply with the requirements of this subpart.

§ 37.59 Differences in accessibility completion dates.

Where different completion dates for accessible stations are established under this part for a station or portions of a station (e.g., extensions of different periods of time for a station which serves both rapid and commuter rail systems), accessibility to the following elements of the station shall be achieved by the earlier of the completion dates involved:

(a) Common elements of the station;

(b) Portions of the facility directly serving the rail system with the earlier completion date; and

(c) An accessible path from common elements of the station to portions of the facility directly serving the rail system with the earlier completion date.

§ 37.61 Public transportation programs and activities in existing facilities.

(a) A public entity shall operate a designated public transportation program or activity conducted in an existing facility so that, when viewed in its entirety, the program or activity is readily accessible to and usable by individuals with disabilities.

(b) This section does not require a public entity to make structural changes to existing facilities in order to make the facilities accessible by individuals who use wheelchairs, unless and to the extent required by § 37.43 (with respect to alterations) or §§ 37.47 or 37.51 of this part (with respect to key stations). Entities shall comply with other applicable accessibility requirements for such facilities.

(c) Public entities, with respect to facilities that, as provided in paragraph (b) of this section, are not required to be made accessible to individuals who

use wheelchairs, are not required to provide to such individuals services made available to the general public at such facilities when the individuals could not utilize or benefit from the services.

§§ 37.63–37.69 [Reserved]

Subpart D—Acquisition of Accessible Vehicles By Public Entities

§ 37.71 Purchase or lease of new non-rail vehicles by public entities operating fixed route systems.

(a) Except as provided elsewhere in this section, each public entity operating a fixed route system making a solicitation after August 25, 1990, to purchase or lease a new bus or other new vehicle for use on the system, shall ensure that the vehicle is readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs.

(b) A public entity may purchase or lease a new bus that is not readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, if it applies for, and the FTA Administrator grants, a waiver as provided for in this section.

(c) Before submitting a request for such a waiver, the public entity shall hold at least one public hearing concerning the proposed request.

(d) The FTA Administrator may grant a request for such a waiver if the public entity demonstrates to the FTA Administrator's satisfaction that—

(1) The initial solicitation for new buses made by the public entity specified that all new buses were to be lift-equipped and were to be otherwise accessible to and usable by individuals with disabilities;

(2) Hydraulic, electromechanical, or other lifts for such new buses could not be provided by any qualified lift manufacturer to the manufacturer of such new buses in sufficient time to comply with the solicitation; and

(3) Any further delay in purchasing new buses equipped with such necessary lifts would significantly impair transportation services in the community served by the public entity.

(e) The public entity shall include with its waiver request a copy of the initial solicitation and written documentation from the bus manufacturer of its good faith efforts to obtain lifts in time to comply with the solicitation, and a full justification for the assertion that the delay in bus procurement needed to obtain a lift-equipped bus would significantly impair transportation services in the community. This documentation shall include a specific date at which the lifts could be supplied, copies of advertisements in trade publications and inquiries to trade associations seeking lifts, and documentation of the public hearing.

(f) Any waiver granted by the FTA Administrator under this section shall be subject to the following conditions:

(1) The waiver shall apply only to the particular bus delivery to which the waiver request pertains;

(2) The waiver shall include a termination date, which will be based on information concerning when lifts will become available for installation on the new buses the public entity is purchasing. Buses delivered after this date, even though procured under a solicitation to which a waiver applied, shall be equipped with lifts;

(3) Any bus obtained subject to the waiver shall be capable of accepting a lift, and the public entity shall install a lift as soon as one becomes available;

(4) Such other terms and conditions as the FTA Administrator may impose.

(g)(1) When the FTA Administrator grants a waiver under this section, he/she shall promptly notify the appropriate committees of Congress.

(2) If the FTA Administrator has reasonable cause to believe that a public entity fraudulently applied for a waiver under this section, the FTA Administrator shall:

(i) Cancel the waiver if it is still in effect; and

(ii) Take other appropriate action.

§ 37.73 Purchase or lease of used non-rail vehicles by public entities operating fixed route systems.

(a) Except as provided elsewhere in this section, each public entity operating a fixed route system purchasing or leasing, after August 25, 1990, a used bus or other used vehicle for use on the
